Dragonfly Mental Health and scienceOS form partnership

Bradenton, Florida, USA and Dresden, Germany: Today, Dragonfly Mental Health announced a new partnership with scienceOS. This collaboration offers Dragonfly and its members a preferred pricing scheme for the AI research tool scienceOS and supports scienceOS with access to structured user feedback.

“As a scientist, juggling research and responsibilities can be mentally exhausting. ScienceOS has helped lighten that load, giving me more space to think and focus on my work,” says Dr. Olya Vvedenskaya, a co-founder of Dragonfly Mental Health. “It’s great that we can facilitate the access to scienceOS for others as well.”

“We share a belief in evidence-based and sustainable approaches to building an inclusive academic community,” says Henri Max Deda, CEO and Co-Founder of scienceOS. “Together with Dragonfly Mental Health, we will contribute to cultivating mental health awareness among academics worldwide.”

The benefits of this new partnership include:

- Preferred pricing scheme for members of Dragonfly Mental Health
- Seminar for Dragonfly Mental Health members on how to benefit from using scienceOS
- Access to user feedback for scienceOS

About Dragonfly Mental Health: Dragonfly Mental Health is a globally operating non-profit organization, formed by academics for academics with the mission to cultivate excellent mental health among academics worldwide.

About scienceOS: ScienceOS is the AI research tool to streamline workflows with access to over 220M trusted papers. It offers answers with citations, PDF uploads, and a library - all in one simple science AI chat.
